

GIVING TUESDAY

DECEMBER 1, 2026

GOAL: $5,000

this Giving Tuesday, help us *stay*.

When a foster family opens its doors to a child with complex needs, they are **saying YES** to so much more than providing a home. They are accepting the everyday responsibilities, joys and challenges of raising a child who requires a significant level of additional care due to a disability, chronic illness, past trauma or other unique needs.

That's why we don't walk away. At Overture, we STAY!

Join us on December 1st, GIVING TUESDAY, as we strive to raise $5,000 to sustain one full year of support for two children with complex needs living in foster family care.

Your Giving Tuesday gift will provide essential resources for nutrition, healthcare and education, as well as enable our Haitian social workers and protection teams to remain by their side. **Let's ensure poverty, disability, illness and trauma never again become the reason a child loses the security of family.**

one day. $5,000. all to *stay*.

Placing a child with a foster family is an extraordinary beginning. **But Overture's commitment does not end there.** We continue walking alongside both the child and the family to help provide essential resources and support necessary for the entire family to thrive.

We *stay* with purpose.

This Giving Tuesday, **help us keep our promise to STAY** long after a child has been placed with their foster family. Every gift brings us closer to realizing our year-end Haiti Stronger goal of providing an entire year of support to 50 children with complex needs living in foster family care.

Together, we are building Haiti Stronger by staying with purpose—*one child, one family and one community at a time.*
