

March 2025

Dear Friend,

“And we know that in all things God works for the good of those who love Him, who have been called according to His purpose.” — Romans 8:28

Hope is not just an idea — it is a force that moves people to action. And because of your generosity and the determination of the Haitian people, in 2024 we witnessed this hope turning into real, lasting change. This past year has been a powerful testimony of how God is working through you, Overture International and our friends in southern Haiti to protect children, strengthen families, and equip communities for self-reliance.

Haiti remains a place of incredible resilience, where families face daily hardships that could break even the strongest spirit. **Yet, instead of breaking, they stand strong. They build. They push forward with faith.** And thanks to your support, they are not doing it alone. Together, we are creating a future where Haitian parents can provide for their children, where families stay together and where communities are no longer defined by crisis but by strength and independence.

The challenges in Haiti are undeniable — political turmoil, economic uncertainty and the ever-present threat of violence and food insecurity. But Romans 8:28 reminds us that **God is at work in ALL things for His glory.** What may seem like obstacles are being transformed into opportunities for growth, leadership and renewal. A single mother starting her own business, a father learning new skills to support his family, a child who once faced an uncertain future in an unsafe orphanage now thriving in a loving home — these are not just stories; they are proof of what is possible through faith and action.

This year’s annual report is more than a reflection on what we have accomplished — it is an invitation to see the power of your impact. **You are part of this movement. Your support is not just meeting immediate needs; it is laying the foundation for long-term transformation.** We invite you to read, to celebrate and to continue standing strong with us in this journey toward independence and self-reliance for Haiti.

Thank you for believing in this movement and for being part of the story God is writing in Haiti.

Rejoicing in hope,
