

“ ‘For I know the plans I have for you,’ declares the Lord, ‘plans to prosper you and not to harm you, plans to give you hope and a future.’ ”
— JEREMIAH 29:11

Dear friends,

May 2026

A promise is more than mere words. It is a decision, a commitment to stay the course when the outcome is uncertain, and a steadfastness to walk alongside someone until they are capable of moving forward independently. At Overture International, **this is our Haiti Promise.**

Jeremiah 29:11 offers a beautiful promise that aligns perfectly with our mission, offering hope and reassurance to families as they work toward a brighter, self-sufficient future. **We believe that all children, regardless of their circumstances, deserve the chance to thrive within a loving family and be supported by their communities.**

Yet across Haiti, countless children are stripped of this fundamental right. Families are broken by overwhelming poverty, insecurity and desperation. As a result, children are separated from everything they know—forced into the streets, relinquished to orphanages by parents hoping for a better life for their kids, caught in conflict with the law or rescued from unthinkable neglect and violence.

How do we break this cycle of separation and trauma while empowering Haitian families to reclaim their Godgiven desire to live independent, self-sufficient lives? Many approaches to alleviating poverty often result in temporary, unsustainable quick fixes. **But true healing cannot be rushed.** That's why Overture strives to transform a child's story from isolation to lifelong belonging through a comprehensive, intentional journey of healing and empowerment. We stand side by side with them and their family for the long haul because **the future of Haiti depends on strong families and thriving communities.**

THE FRUIT OF YOUR HAITI PROMISE

Since 2020, the fulfillment of your Haiti Promise has led to more than **500 children** being successfully reunited with loving families. Each child represents a story of restoration and redemption, completely transforming the trajectory of an entire family line. **We thank the Lord, and we thank you for fueling this life-saving mission.**

But our work is far from over. In fact, it is in critical demand. Every month, new children arrive in crisis. and every month, children take steps closer to a safe, loving family. While each child we serve has a unique story, every journey of healing begins the same way, with our Haiti Promise to protect and care for them when they are most vulnerable, and to be there for them and their family until we're no longer needed.

This is why our Haiti Promise cannot be a one-time act of generosity; it must be an ongoing commitment to transformation. We invite you to make a monthly or annual financial commitment to support this critical work. Your consistent support provides care and rehabilitation, personalized reunification planning, education and family stabilization for each child we serve. It ensures we can remain a trusted partner in Haiti's child protection system, ready to walk with a child and their family through their journey toward healing and self-sufficiency.

HERE'S HOW YOUR HAITI PROMISE CAN MAKE A DIFFERENCE!
